

Q Would you be willing to serve as Trustee or Committee if the Court would give consideration to your appointment?

A I would.

MR. HOLTER: That is all, except I should make one further statement: one of these certificates from the doctors, as the Court well knows, must be within ten days of the filing of the petition, and I personally requested the doctor at Springfield to make an examination and furnish a certificate, and the certificate of Dr. Kamm was furnished on my request.

THE COURT: Well, we have real estate and the remainder of the funds and so forth appear to be in the neighborhood of \$3,000; so the Court will fix a bond in the amount of \$3,000 if corporate, and \$6,000 if private is given.
